SPECIALIST IN GOOD CLOTHES FOR MEN AND YOUNG MEN

YOU'LL learn several new things about a clothing store when you come here. One is the advantage of picking out clothes from a stock of fine goods and nothing else. No store in Ada we are sure has ever brought together so large a stock of exclusive fine goods--Clothes, Hats, Furnishings, Shoes--as you'll find here.

Another thing you'll learn is that we serve our customers in a better way. We'll show you how its possible to be more interested in getting you what you want than in selling you something that you don't want.

Young Men's Special Styles

Here's where fancy has full play--ultra fashion in model, in coloring, in patterns and weaves. It's the sort of things that young fellows are eager for. College and High School fellows, smartly dressed young business men--any man who wants extreme style with high quality--you're all invited.

FEDERALS IN POSSESSION

REBELS ABANDON TOWN BECAUSE OF SHORTAGE OF AMMUNITION.

Agua Prieta, Mexico, April 18.--The Mexican rebel army, after almost eighteen hours of incessant fighting in defense of Agua Prieta, quietly evacuated the town during the night because of shortage of ammunition. It moved silently, and when day broke was nowhere to be seen. The Mexican National troops entered the city at dawn, encountering no resistance.

The federals approached the town from the south and east during the early hours, coming in slowly and cautiously lest they encounter an ambush.

Government Soldiers Greatly Surprised.

Great was the surprise of the commanders of the government troops on finding, when they reached the outer works of the rebel intrenchments that the trenches had been abandoned and no insurgents were in sight. The federals continued to come in, still more slowly, presumably expecting at every moment to encounter a surprise, but they found no rebels anywhere; the latter had vanished as completely as the night.

May Have Another Battle Soon.

When darkness fell over Agua Prieta tonight it was undetermined whether the Federal troops of Lieut. Col. Diaz would retain undisputed possession of the city or whether rebel reinforcements, appearing suddenly from the westward this afternoon, would precipitate another battle.

Watchers were surprised after a day of quietude to see a column of troops move out of the mountain passes twelve miles to the west of Agua Prieta and debouch upon the plains in front of the city. It was at first uncertain whether this was a new rebel force or federal reinforcements coming from Cananea.

The doubt was soon dispelled. The column began its march directly toward the city. The men were mounted and were riding rapidly. Soon it was made out, with the aid of glasses that the approaching force was insurgents.

As they approached the outer breastworks of the city the federal outposts opened a long-range rifle fire, which fell short. The column halted, seemingly taken by surprise.

Apparently the approaching rebels were unaware of the actual situation in Agua Prieta and were uncertain whether the border town was held by a friend or foe. Finally, the column wheeled about and started to return toward the mountains. Then it halted again.

As it stopped this time there appeared at the mouth of the mountain canyon from which the first troop had emerged a second and longer column. This second detachment moved slowly across the desert and joined the first. There were apparently more than 500 men in the combined columns.

NO REWARD FOR CAPTORS OF BILL HENDRIX

Oklahoma City, April 19.--W. C. Reeves, assistant attorney general, has told Governor Lee Cruce that the fund appropriated by House Bill No. 205 and approved on March 24, is not available to pay a reward to George D. Miller and others, of Durant, for the apprehension of Will Hendrix, the Choctaw nation outlaw although the reward for him was offered by Governor C. N. Haskell in January, 1910. The applicants based their claim for the reward money on the fund created by the bill mentioned.

Reeves says the courts of the state never acquired jurisdiction of the cases against Hendrix, as they were not pending in any United States court in Indian Territory when Oklahoma was admitted as a state, and the governor had no authority to offer the reward for Hendrix's apprehension after he had escaped from the custody of a United States marshal following his conviction in the United States court at Paris, Texas.

FEATURE SHOW WITH THE CARNIVAL

The feature show with the Carnival this week is the Little Malay Prince, called Society's Favorite. Last night his pavilion was crowded with hundreds of our citizens, and everybody pronounced him to be one of the world's wonders. The manager claims that they will show to larger crowds than any other attraction on the midway. As every one who meets and talks with the Little Prince is a talking advertisement.

To be up to date you must meet the Prince. In every public place today the topic of conversation is the Malay Prince, and have you met him. The management will pass free all members of the press, clergy and the medical profession.

FRISCO BOOSTERS TRAIN WILL LEAVE MAY 7

The Frisco road has announced that its booster train to the East will leave Muskogee May 7 at 2 p. m. and will reach Muskogee on the return trip about May 18. The first stop will be made at St. Louis where the train will remain a day and night. Seven places will be visited the day after leaving St. Louis, the second night being spent at Indianapolis, Illinois. Iowa, Nebraska and Missouri will be toured, the train stopping at all places of the least importance.

The resources of Oklahoma will be exploited as never before and the train will be visited by thousands who are interested in Oklahoma. All towns that desire to be represented in this booster movement must get busy at once.

Curtis Hall and wife returned yesterday from their wedding tour.

Mrs. L. F. Adair, who has been here on a visit to her father, G. W. Chisler, returned to her home at Hart, Arkansas, this morning.

MEETING WILL CLOSE TONIGHT

PROTRACTED SERVICES AT FIRST CHRISTIAN CHURCH HAVE BEEN SUCCESSFUL.

What has been in every way a very successful meeting will close at the First Christian church tonight. Evangelist R. A. Blalock has led in the series of meeting and his heart searching appeals have done much to stir to a better life. While there have been so far 28 added to the church of Christ, yet this can not estimate in full the good done. Mr. Blalock has pronounced sin and the devil has not been allowed to occupy an easy bed. When Mr. Blalock is in action in the pulpit he is a veritable cyclone of power in arraignment evil and if the devil has any fight he draws it. No zephyr is more gentle than are his tender appeals to the better nature, and he is an adept at pouring oil on troubled waters at the right time. To some he is hard to be understood, particularly to the even-tempered person, but to the fiery ambitious, it is to be expected of him. Righteousness

has no more enthusiastic champion than he when aroused.

Mr. Blalock will speak tonight on "Remember the Christ" which will be the closing service.

It is urgent that every new convert be present tonight.

Mr. Blalock's Sermon.

The speaker said in part that no man can serve two masters, for either he will hate the one and love the other, or he will hold to the one and despise the other. "You can not serve God and mammon."

Just two persons are bidding for your time, bidding for your manhood for your womanhood, Jesus Christ, your best friend and the Devil your worst enemy, these two are bidding for your soul, you must serve one or the other. You can not serve both. What has the Devil to offer you in return for your service? DEATH. Nothing but death, for the "Wages of sin is death."

What has Jesus to offer you in return for your services? LIFE, for "the free gift of God is eternal life through Jesus Christ our Lord."

Choose your master tonight, which shall it be? LIFE or DEATH, Christ or the Devil.

God help you to make the right decision.

The evangelist expressed his appreciation of the fellowship extended him by the pastors, and members of the other churches of the city, and also spoke a kindly word for the editors of the Evening News,

stating that he had never been given more loyal support by a local paper, than had been accorded him by the editors of the News during the meetings and he attributed much of the success of the meetings to the publicity given the services by this paper. He also extended his thanks to the faculty and student body of the state superintendent and teachers in the city school for the interest manifested by them in his work while in the city. And now folks when you come to Wagoner just come right over to the Christian church parsonage, you will always find the latch string on the outside.

HASKELL SAYS BRYAN OPPOSES REPEAL

Governor Haskell submitted to Honorable W. J. Bryan the statement of the proposed amendment to the constitution, including article nine as it now reads in the constitution and the proposed substitute for article nine, and asked his opinion thereon, to which Mr. Bryan replied in a letter of which the following is a true copy:

"En Route (Mailed from Denison, Texas.) April 15th, 1911.

My Dear Governor:

I have read your editorial and Mr. Love's argument against the proposed amendment to Article 9 of the Oklahoma Constitution. While it is difficult for one living outside of the state to understand local conditions, still principles are the same in all the states and if I lived in Oklahoma I would not be willing to support the proposed amendment. I think you would find it more difficult to regulate and control the railroads under the amendment than under the constitution as it stands and we have erred so far on the side of too little regulation rather than too much. I think you and Mr. Love are right in standing by the constitution as it is.

Yours truly,
W. J. BRYAN."

H. C. Frick made a trip to Stratford today to superintend some work on an ice house that is being built there. Mr. Frick says that when completed this house will be the best in this section.

WHAT'S THE MATTER WITH ADA?

Nothing definite has yet been done
towards having Ada represented on
the big booster excursion that will
be run out of Muskogee on May 7.
The time is short and if anything is
done it must be at once. Other pro-
gressive towns have already arrang-
ed for their part of it and Ada
should not lag behind in the pro-
cession. The excursion will result in
bringing thousands of desirable im-
migrants to the state and much badly
needed capital. Ada is just enter-
ing upon an era of unprecedented
prosperity and can make a showing
far better than most town of Okla-
homa. We believe that all needed just
now is for some one to take the lead
in the matter and start the ball to
rolling. The cost is small while the
results will be great. Can Ada afford
to let this opportunity slip?

The big expositions do not fare as
well these days as they did in times
past. In those palmy days when edi-
tors could get transportation in ex-
change for advertising and could at-
tend these big shows, they were very
liberal with their space and gave a
great deal of publicity to every ex-
position at no cost to the manage-
ment. The attendance was stimulat-
ed thereby and the railroads profited
in the increased passenger traf-
fic. Now since the newspaper man
must pay his three cents per mile in
cash or stay at home most of them
follow the latter course, and do not
feel much interest in the success of
the exposition. Naturally they do not
feel inclined to donate much space
in boosting one of them and since it
is impossible to do a great deal of
advertising at regular rates the big
shows cannot get their strong points
before the public as they once did.
Consequently it will be a hard mat-
ter to pull off an event of the mag-
nitude of the St. Louis affair in 1904.

ROYAL ARCH MASONS

MEET AT LAWTON

Lawton, Ok., April 18.—The prin-
cipal action of the state convention
of Royal Arch Masons in grand coun-
cil here today was the adoption of a
resolution rendering devout thanks
to Almighty God for the benefits de-
rived from the translation of the
Bible into the English language
thereby granting light to the foun-
dation theme of Masonry. This action
came in view of the fact that this
year is the three hundredth anni-
versary of the English translation of
the Bible.

The council appropriated \$1,000 for
the establishment of the Orphans'
Home at Darlington.

Shawnee was chosen tonight as
the place of holding the 1912 con-
vention of the Oklahoma Royal Arch
Masons.

These are the officers elected for
the ensuing year: Chris Springer,
McAlester, high priest; Milo A. Nel-
son, Lawton, deputy grand high
priest; Henry K. Ricker, El Reno,
grand king; Otto A. Shuttel, El Reno,
grand treasurer; Joseph S. Murrow,
Atoka, grand secretary; G. B. Leach,
Oklahoma City, grand treasurer. Z.
T. Walrond, Muskogee, grand chap-
lain; Edgar A. Cook, Oklahoma City,
grand principal sojourner.

The expositions of San Diego and
San Francisco have a rough time
ahead of them, as most of their at-
tractive reading will go into the edi-
tors' waste baskets instead of the
forms of the papers, and the rail-
roads will notice a very much di-
minished volume of travel.

After experimenting with two dai-
ly papers for sometime, the Coalgate
editors gave it up for a bad job and
have consolidated the Register and
Record. A wise move, brethren, and
it is to be hoped that it will prove
to be a profitable one. The new paper

Court Dismisses Maben Case.

Oklahoma City, Ok., April 18.—
Counsel to the Governor appointment
of whom was authorized by the Bill-
ups prohibition act of the First leg-
islature, can not appear in a grand
jury room while the jury is deliber-
ating save in cases brought for viola-
tion of the anti-liquor law, was the
holding of the criminal court of ap-
peals today in the Maben case, ap-
pealed by the state from the Pottaw-
atomie county district court. W.
H. Maben, the defendant in error,
was former district judge there, in-
dicted by a Pottawatomie county
grand jury for an alleged bribery.
The lower court set the indictment
aside upon the ground that Fred S.
Caldwell, Counsel to the governor,
otherwise known as state enforcement
attorney operating under the Billups
act who was neither an attorney gen-
eral of the state nor a county attor-
ney of Pottawatomie county, was in
the grand jury room while the jury
was in session.

As pertaining to the state en-
forcement attorney the question has
never been raised before. The court's
opinion, written by Judge Armstrong,
sustains the lower court in dismiss-
ing the indictment, holding that
when a grand jury is in session in-
volving charges for violation of laws,
special attorneys are not entitled to
appear for the purpose of carrying
on the work of the Attorney gen-
eral or county attorney. The Billups
law, the court holds, does not con-
fer upon the state enforcement at-
torney authority to exercise the pow-
ers of such Attorney General or
county attorney in cases other than
those for infractions of the prohibi-
tion law statute.

CALORIC FIRELESS COOKER

Thursday Afternoon, April 20

The Caloric

Is a complete cookstove and will cook practically every-
thing that can be cooked on an ordinary stove or range. It
is the only one that will bake and roast perfectly without
first partially cooking food or reheating it before serving, as
well as stew, steam, boil, etc. There is no cheaper nor bet-
ter process of cooking. It will save at least seventy-five per
cent in fuel alone and a wonderful amount of time, labor and
discomfort. All the nutriment and delicious flavors of foods
are preserved and the toughest cuts of meat are made ten-
der and palatable. With the "Caloric" there is no danger
of scorching or burning—everything perfectly cooked and
ready to serve at your own convenience. It is used in thou-
sands of homes, sanitariums, Domestic Science Schools, etc.

Every Caloric Is Guaranteed

cooking can be made with the Caloric.

Prof. Glenn was appointed to a place on the board of normal regents by Gov. He is one of the best school men in the state, and is a firm friend of Ada.

Miss Garry, who about a year ago came west from Pittsburg, is in Ada securing data for a writeup of the town and country for the eastern magazines. This is undoubtedly a fertile field both for the commonplace writeup and for romance founded on life as it is in this western country. It is seldom that one sees conditions pictured in the eastern publications as they really are, and the News hopes to see something from the pen of Miss Garry that will do us justice.

FOR CATARRH

Medicine Free in Every Case Where It Fails to Relieve.

Neglect or pessimism, we believe, is the greatest enemy the public has to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached consumption is curable. Catarrh is responsible, we believe, for many cases of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from a prescription of one of the most successful catarrh specialists known. We believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time, should it fail to give satisfaction in every particular. We want every one to try this medicine at our risk. There are no conditions attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rexall Mucu-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It purifies and enriches the blood, tones up the mucous cells, and brings about a condition of health and strength that tends to prevent the germs of consumption from getting a start. Besides this, Rexall Mucu-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are often felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with.

We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody. Rexall Mucu-Tone comes in two sizes, 50 cents and \$1.00. We urge you to try it. Remember you can obtain Rexall Remedies in Ada only at our store—The Rexall Store. The Gwin & Mays Drug Co.

PICK POCKET GOT
BEN PERKINS' WATCH

Last night some pick pocket helped himself to a valuable watch belonging to Ben Perkins. The robbery was supposed to have taken place on the carnival grounds and was so skilfully done that Perkins had not the slightest idea when it occurred. Sometime afterwards he felt for his watch and found his pocket empty. No clue to the thief was found.

Last night some shooting was heard and this has led to the circulation of a number of rumors today. The information of the News is to the effect that the night patrolmen were after some hoboos who were making headquarters in a box car and when they took to flight the policemen fired a few shots into the air to give them a scare. It is said that the hoboos did some tall running.

CITIES MAY HANDLE BOOTLEGGING CASES

Oklahoma City, April 19.—The criminal court of appeals again affirmed the right of cities in Oklahoma to maintain prosecutions for the sale of liquor Tuesday when it denied a rehearing in the habeas corpus case brought by H. G. Simmons of Tulsa. Simmons was prosecuted for selling liquor at Tulsa under a city ordinance. He asked for his release on the ground that the prosecution was illegal. The court refused the writ of habeas corpus, holding that the city and state could both prosecute for the violation of prohibitory laws, and that neither prosecution was a bar to the other. That holding is now reaffirmed. It is understood that Simmons will take the case to the supreme court of the United States.

This decision will indirectly sustain a number of convictions secured in this city under a similar city ordinance.

Bush Will Head Missouri Pacific.

New York, April 18.—Although recently forced out of the position himself, George J. Gould, opposing the Rockefeller-Kuhn-Loeb interests brought about the election today of B. F. Bush as his successor as president of the Missouri Pacific Railroad, defeating the opposition candidate, David R. Francis, former governor of Missouri.

Mr. Bush is president of the Western Maryland Railway.

Victory for Gould Factions.

The victory of the Gould faction was followed immediately by the announcement of Kuhn, Loeb & Co.'s withdrawal as bankers for the sys-

tem and with the resignation of Paul M. Warburg, the company's representative on the board of directors and of Cornelius Vanderbilt, an ally. Edgar L. Marston, representing Blair & Co.; Fred T. Gates, representing John D. Rockefeller and E. D. Adams, American representative of the Deutsche Bank, voted against Mr. Bush, but did not sever their connection with the board. It is rumored, however, that Messrs. Adams and Marston will resign also, although this can not be confirmed.

After the meeting both George Gould and Kuhn, Loeb & Co., issued statements explaining their side of the case. Mr. Gould regretting personally the withdrawal of Kuhn, Loeb & Co., but congratulating the road on the selection of Mr. Bush. Kuhn, Loeb & Co., on the other hand, explained that they did not favor Mr. Bush, and that because of his election Messrs. Warburg and Vanderbilt felt "unwilling to share responsibility in the management of the company under these circumstances."

ARE WORKING ON THE STREET

Late yesterday afternoon a disturbance took place at the negro pool hall north of the Frisco, in course of which two or three pistol shots were said to have been fired by a negro going by the name of Hood. Chief Hounshell rounded him and two other negroes in and this morning Hood paid a fine amounting to about \$30 and the others not having any ready cash were put to work on the streets. It was claimed that the racket came up over a game in which Hood lost several dollars.

MY DOCTOR IS MIGHTY FINE

Mrs. Hattie Cain of Carrsville
Thinks all the More of Her
Doctor Since He Advised
Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

GEOLOGISTS TO EXPLORE ARBUCKLE MOUNTAINS

The State Geologists, Chas. N. Gould, is now making plans to place a field party in the Wichita and Arbuckle Mountains, to do geologic work during the coming summer.

Chas. H. Taylor, professor of the department of mineralogy at the University of Oklahoma, will have this investigation in charge. Several other geologists from the same school will assist him. It is now proposed to outfit the party at Lawton or Hobart about the first of June. The progress will then be throughout the Wichitas until that area is finished. From here Mr. Taylor plans to move to the Arbuckle region and finish the work of the season there.

The nature of the investigation will be in locating and determining the extent of the granite and other structural stones, besides securing accurate data on all the minerals of the vicinity.

No doubt the result of this research will do much towards realizing the value of Oklahoma building stones and materials.

Doan's have done great work in this locality. William Tolson, Oklahoma Ave. and E. First St., Sulphur, Okla., says: "About two years ago my kidneys became badly disordered. The kidney secretions were unnatural and irregular in passage and this, coupled with backache, made me miserable. The contents of a few boxes of Doan's Kidney Pills cured me. I have had occasional backaches since then, due to exposure to all kinds of weather, but a few doses of Doan's Kidney Pills have never failed to dispel my trouble. By experience I have found that this remedy is one that can always be relied upon to give relief."

May Cancel McHarg's Contracts.

Washington, D. C., April 19.—Announcement was made today at the interior department that Governor Locke, of the Choctaw nation, had recommended the retention of Ormsby McHarg as national attorney on an annual salary of \$6,000 instead of \$12,000 as now paid.

Assistant secretary of the interior Pierce has received a statement from McHarg showing why he should be retained as Choctaw attorney in response to the demand from President Taft that the New York lawyer should show cause why his contract with the Choctaws should not be terminated. The interior department now has the abrogation of the contract under advisement. The original McHarg contract runs for five years at an annual salary of \$12,000 a year, and expenses when outside of Washington.

Five Indicted in Muskogee.

Muskogee, Okla., April 19.—F. L. Martin, a prominent real estate man, William M. Irwin, Jim Manley, V. R. Allen and Stout Hamm were indicted by the grand jury today on the charge of murder. The last three named are colored. All are charged with being implicated in the murder of the two small children of Hardy Sells near Taft a month ago at the home of Zebe Mackey, their stepfather, when the house was destroyed by dynamite and giant powder.

Irwin was trailed to the City of Mexico by a United States Indian agent and a deputy sheriff who placed him under arrest and returned him to jail here. Both children held allotments to some of the richest land in the Glenn Pool oil fields.

A PALEFACE BARGAIN.

Green McCurtain, once chief of Choctaws, had a very high opinion of the business astuteness of white men. "No Indian can get the better of a paleface," Chief McCurtain said to a Guthrie reporter during the recent Oklahoma investigation. "And when two palefaces get bargaining together, then it is like cutting diamonds with diamonds. Two Oklahoma palefaces once hunted in my camp. They spent the evening with me, and over the fire and the fire water, they began to barter and traffic, and to make deals and tricks. Finally Bill said: 'Sam, let's trade horses—my bay for your roan.' 'It's a go,' Sam agreed. 'The trade's a go. Shake on it, partner. They shook hands. Then Bill said with a loud laugh: 'Sam, I've bested ye this time. My hoss is dead. Died yesterday.' 'So's mine dead,' said Sam. 'Died this morn'n. And what's more, I've took his shoes off.'"
